Community Comments . . .

Rogers ES is the best school to work at because of the supportive admin. They do the best way they can to help their teachers. It has excellent teachers who work as a team to meet students' needs. Collaboration is one of the main things the school is doing. They treat everyone as a family, which is very impressive because it means that everyone is an essential part of the school. - Ann Sarmiento (Teacher/Parent)

Rogers is unique because we are a family. From the students to support staff to teachers to admin. We all care about each and every one of us and truly want what is best for the family! - Brandi Burrows (Teacher/Parent)

At Rogers Elementary School we celebrate diversity and we come to tell our stories. Dawn Sullivan (Teacher)
